Dear Mr Haenggi,
Greetings!
Hope you are getting on well
and your family Fine.
Many Thanks for the Adverst
in the South Sandton Sun.
I think its wonderful.

I wish
some people could give this
sculptures some thought.
One Day There will be no
more New Works.

I just feel
I can't go on anymore. I'll
give up Chisselling. My Wood
I've been collecting has
been swept about by these
Horrible Floods.

Just Yesterday
Our Local School Ziqalele's
Roof has been Ripped and
Carried away like Mine
by the Whirl wind.

If I had
some money I feel I must
P.T.O

make a Donation towards
the School. Because the poor
School children who wish to
write now have no Koot.

I think
this Dumonia or Dalumonakala
Floody Rains are Horrible.
Some of My Chickens washed
away.

I think this has been
my Most Horrible year.
But All the same I Love
Pangola Its very Natural
More Peaceful. The Eg Eagles
can be seen everyday.
I think this Eagles come
to see me working over or
Perhaps they like my
Chickens chicks.

Many Thanks again
Kind Regards

Lucas Sithole.
