Dear Mrs Haenggi,

God Bless you

Many thanks for everything
you've done for me.

The Grocery you sent me
with those people from T.V.
I am sorry that I did not
let you know even about the
Sculptures you ordered ~~to~~ me
to give. I gave them three
complete Sculptures signed
and one charging little Rhino
also signed but not polished.
Mrs Caroline this is just to
let you know I am back to
Sculpting. I still have about
40 years of sculpting in me
I am still a long way from
Dying.

Also Mrs Haenggi I nearly forgot to mention that there three unfinished sculptures which they took and promised they would bring them to me so that I can finish them. There is the Big Cat charging in Msimbiti wood.

From now on I'll be Home. If you've got Stephens address I shall be most grateful if I can have it Mrs Haenggi again God Bless you.

Caroline sometimes I cry
for you because of the Burden
Mr Haenggi is putting to you
I am sorry that I only
realised that Mr Haenggi
had a heart of a Rock
if not of Steel.

I still remember
when you bumped by Buses
in that old Datsun car
Anyway you saved my
Soul. Now I have my Gas
stove Burning and can
cook my own food.

I have some new works
The only thing I need
some more money for
my Bases. B. Prosperous new
year and Peace to your
family.

Regards from Lucas Sithole
